Re: **Update on Economic Development Activity with Sun Corridor Inc.**

Economic development within Pima County continues at a strong pace. The past year has proven productive in positive job attraction and economic growth for Pima County. These successes can be credited to our multiple economic development partners, including Sun Corridor Inc., the Arizona Commerce Authority and other jurisdictions, among others.

Since July 2016, 15 companies have been attracted to the region; and when fully staffed, the number of employees projected to be hired or relocated is 5,400.

Today, there are 35 active site solicitations being pursued by Sun Corridor, and four have short-listed Pima County for possible site selection.
