Re: **Medical Insurance for County Employees – Fiscal Year 2018-19**

The January 16, 2018 agenda, Item 10 regarding Fiscal Year 2018/19 employee medical benefits, includes a contract with CVS/Caremark (CVS). CVS will be the Pharmacy Benefits Manager (PBM) under a separate contract to manage the pharmacy claims from pharmacies. This contract will not require employees to use only CVS. Pima County employees and their dependents will continue to have full access to all in-network pharmacies as they do today.

Please feel to contact Allyn Bulzomi, Human Resources Director, if you have questions or require further clarification.
