Community Development, Neighborhood
Conservation

Arnold Palacios, Interim Director
Community Services

Ursula Nelson, Director
Department of Environmental Quality

Re: **Email Dated October 2, 2018 from Mr. Tony Bruno Regarding Amado Flooding**

Attached is an email from Mr. Tony Bruno, a member of the Amado Community, particularly relating to the recent flooding that has occurred in the area and specifically in the Amado Teen Center. Obviously Mr. Bruno is appreciative of the efforts expended by staff as I am as well. I appreciate your assistance to this community in the recent flood emergency that occurred over the Labor Day weekend. Your efforts are very much appreciated by myself and Supervisor Bronson.

Good Afternoon to you all,

I wanted to take a moment and thank each of you and your respective departments and staff.

While in the grand scheme of things the flooding was minor in retrospect to recent hurricanes and other Natural disasters it did effect the community of Amado in many ways.

The Fact that Pima County responded quickly on a holiday weekend meant a lot to those of us who were directly impacted. Many of us are still in the recovery phase of this disaster and dealing with insurance and clean up.

The fact that Jeff Guthrie Pima County Emergency Management and his team were at ground zero before 8 am on Tuesday, quickly followed by Mindy Cox from Pima County Flood Control. Not to mention Danny Tylutki from CDBG calling to ask if we need a budget change for our CDBG funding to help facilitate some recovery, and Ursula from Pima County DEQ offering roll off dumpsters for cleanup.

Because Pima County was prepared and ready to help it provided the community with a sense of relief during a stressful time.

As a member of this community I thank you all for the work you do!!

Tony Bruno
